PROFILE

Highly motivated Full Stack Developer with 1 year of experience in designing and implementing innovative software solutions. Proficient in front-end technologies like **HTML**, **CSS**, **JavaScript**, and **modern frameworks**, as well as back-end technologies including **.NET**, **MySQL**. Committed to delivering high-quality code and collaborating effectively within cross-functional teams.

PROFESSIONAL EXPERIENCE

SkyRIST Info Solutions Pvt Ltd, Junior System Engineer- Full Stack Developer 📄 06/2023 – 01/2024

- Created new, dynamic, front-end, and backend software products and 2 apps with different technologies that are dynamic and visually appealing.
- Monitored and maintained the health of **CI/CD pipelines**, addressing performance issues and optimizing resource usage.
- Integrated **ChatGPT-4 API** into projects to enhance functionality and user experience.
- Actively participated in the project's planning phase by interacting with clients and gathered the requirements.
- Collaborated with development teams of 5+ individuals and product managers to create innovative software solutions.

Intern

ICEICO technologies Pvt. Ltd.

01/2023 – 05/2023

Nagpur, India

- Worked on the front-end using **Angular**, back-end with **.NET**, and managed the database with **MySQL**.
- Led architecture, design and development of **30+ new features**.
- Successfully improved the comprehensibility of log points used for debugging in the Network Modem **R&D team**.
- Worked directly with a company and its API developer to create **REST API** designs.

SKILLS

Back-End Technologies

ASP.Net | C# | MVC

Web Development

HTML | CSS | Bootstrap | JavaScript

Front-End Framework

Angular

Database

MySQL | SQL Server

PROJECTS

Skyed

Developed "**Skyed**," an educational platform designed to streamline various student-related processes, enhancing the overall educational experience for both students and administrators.

- **Student Attendance:** Created a module to efficiently track and manage student attendance. This feature allows teachers to mark attendance, view attendance records, and generate reports, ensuring accurate and up-to-date attendance information.
- **Student Timetable:** Implemented a dynamic timetable management system that allows students and teachers to view and manage class schedules. This feature includes real-time updates and notifications to keep users informed of any changes.

- **Student Details Management:** Developed a comprehensive student information system to store and manage student details. This includes personal information, academic records, and contact details, ensuring that all data is easily accessible and securely stored.

Genericplus Pharmacy

Role: Full Stack Developer, Tech Stack:- JavaScript, MySQL, HTML, CSS, Bootstrap

- This project was related to **pharmacy management system**.
- Designed an intuitive UI with **Bootstrap** and incorporated text formatting features using **JavaScript**.
- Successfully integrated **Create, Read, Update, and Delete** functionalities to manage pharmacy inventory, prescriptions, and billing records.
- **Integrated 3rd party API, Razorpay**, to enable secure and seamless online payment processing for pharmacy orders.

ICECO Website

Frontend: Utilized HTML, CSS, Bootstrap, and JavaScript to create a responsive and interactive user interface. Ensured cross-browser compatibility and mobile responsiveness.

Backend: Implemented backend functionalities using .NET to manage data processing, user authentication, and server-side logic.

Database: Integrated MySQL for efficient data storage, retrieval, and management, ensuring data integrity and security.

Key Features: Developed a clean and intuitive design, dynamic content updates, and efficient navigation to enhance user engagement and satisfaction.

This project showcases my ability to integrate various technologies to build a fully functional and aesthetically pleasing web application, demonstrating my full stack development capabilities.
